---

## Debriefing Our Day

Today, we:

- Began the process of working together as a learning community
- Learned about community readiness and obstacles to assessing community readiness
- Used a simulation to learn about selecting a problem of practice for the CRA
- Developed the elements needed for our CRA plans

**ASSESSING COMMUNITY READINESS**  
Strategic Prevention Framework Partnership for Success (SPF-PFS) Evaluation (Grant #130416)  
Blue Problem Solving CIO Project (Grant #130555)

---

---

---

---

## What we will accomplish in SFY17?

Use existing community data to:

1. Select a priority substance/problem
  2. Specify a priority population
- } Choose a Problem of Practice

After choosing a problem of practice (priority substance/problem + priority population):

1. Develop a plan for conducting a community readiness assessment
2. Complete a community readiness assessment
3. Develop a plan to increase community readiness

## Next Steps for February

- 1) Purchase supplies
- 2) Create draft problem statement to focus your CRA
  - We will share the workbook to guide you
- 3) Create a plan for conducting the CRA in your community
  - Based on our work today, we will create a plan template for you
- 4) Participate in the webinar on February 22
  - You will share about your problem statements and your plans
